

Wednesday,
September 3:

ATLAS
Building

*Room 229,
10:00am,
coffee & pastries*

Or

Thursday,
September 4:

Engineering
Center

*Bechtel
Collaboratory,
10:00am,
coffee & pastries*

Colorado Bioscience Research Grant Program

Learn more about this new
program supporting
bioscience research at
Colorado universities.

What is the Bioscience Research Grant Program?

- Signed into law in April 2008, provides \$26.5M over five years to grow Colorado's bioscience industry
- Provides \$50,000 to \$200,000 grants to researchers for commercial proof-of-concept work
- Eligible fields include therapeutics, diagnostics, medical devices, platform technologies, and biofuels
